

Booster Corner

THE KNOCKER AND THE BOOSTER

When the Creator had made all good things, there was still some dirty work to do, so He made the beasts and reptiles and poisonous insects, and when He had finished He had some scraps that were too bad to put into the Rattle-snake, the Hyena, the Scorpion and the Skunk, so He put all these together, covered it with suspicion, wrapped it with jealousy, marked it with a yellow streak, and called it a KNOCKER.

This product was so fearful to contemplate that He had to make something to counteract it, so He took a sunbeam and put it in the heart of a child, the brain of a man, wrapped these in civic pride, covered it with brotherly love, gave it a mask of velvet and a grasp of steel and called it a BOOSTER; made him a lover of fields and flowers and many sports, a believer in equality and justice, and ever since these two were, mortal man has had the privilege of choosing his associates.

CHARGES LOBBYING

STATE IMMIGRATION COMMISSION MEMBER OUT

SCHARRENBERG DISCHARGED

Governor Richardson Charges Use of Position as Legislative "Lever"

Sacramento.—Governor Richardson has discharged from the state immigration and housing commission Paul Scharrenberg, secretary of the California State Federation of Labor, and a member of the Sailors' Union of the Pacific, on the ground that he was exercising undue influence as a state official in attempting to affect legislation. Mr. Scharrenberg's dismissal from the board was announced in a letter to the secretary of state in which the governor said:

"This is to advise you that I have removed Paul Scharrenberg as a member of the immigration and housing commission, effective at once."

Later Governor Richardson issued a statement, in which he said: "In my inaugural message I called attention to the menace to good government due to the action of state employees and members of boards and commissions in exerting undue influence upon the members of the legislature and I promised to assist in checking objectionable lobbying. My attention has been called to the fact that Mr. Scharrenberg, as a member of the immigration and housing commission, has been using his position as a state official to influence legislation, and for that reason I am removing him from office."

Mr. Scharrenberg, as a member of the immigration and housing commission, has been attending the present session of the legislature as the official legislative representative of the State Federation of Labor and has acted in that capacity for many years. Informed of the governor's action, Mr. Scharrenberg said: "I cheerfully plead guilty to the charge of lobbying for good housing laws. If this is a crime, then I am glad to be classed as a criminal."

After Sugar Speculators
Washington.—The first legal move by the United States government to learn who is responsible for present high prices of sugar was when the department of justice filed suit in New York to enjoin the New York Sugar Exchange from dealing in sugar. The complaint was drawn under the Sherman anti-trust law and was filed at New York by District Attorney Hayward for the government, charging that fictitious transactions carried on have caused an increase in the price of raw sugar and increased prices of refined sugar to the consumer since February 1 on an average of more than \$2 a hundred pounds.

U. S. to Lease Kern Lands
Washington.—With the concurrence of Secretary of the Navy Danby, the secretary of the interior work has authorized the offering for lease of three sections of land in naval reserve No. 2, near Taft, Cal. The tracts consist of about 1500 acres.

BERLIN IS EAGER TO SETTLE

Offers Hughes' Suggestion of a World Commission To Fix Indemnity

Berlin.—Germany has made her first definite "peace offer" since the French and Belgian troops marched into the Ruhr valley over three months ago. The terms of Germany's reparations proposals are:

- 1—Temporary fixation of the indemnity at 20,000,000,000 marks.
- 2—A committee of international experts, as suggested by Secretary of State Hughes, to study Germany's ability to pay, after which the final reparations figure is to be set.
- 3—The reparations are to be guaranteed by pledges of the German industrialists.
- 4—Restoration of German credit through the cooperation of the allies.

The new offer presented by Stresemann after it had been approved by Chancellor Cuno's cabinet is similar, with few exceptions, to the plan that Karl Bergmann would have offered at the allied premiers' conference in Paris in January had not the doors been closed against him.

Vast Reclamation Projects
Washington.—Twenty-six reclamation projects designed to irrigate 5,088,000 acres of western land are being planned by the Interior department. All the projects are now "being surveyed and investigated." The largest is the Columbia river basin, Washington, to develop 1,753,000 acres. Next is the Colorado river storage known as boulder canyon, to cover 710,000 acres with water from irrigation. The third in size is the lower Rio Grande, irrigating 600,000 acres. Others include "Mountain Home" project, Idaho, 400,000 acres; Shasta valley, California 150,000 acres; Dubois, Idaho, 200,000 acres; American Falls, Idaho, 100,000 acres; Black canyon, Idaho, 39,000 acres; Colorado river tributaries, Nevada, 30,000 acres; Baker, Ore., 30,000 acres; Auyhee, Ore., 23,000 acres; Umatilla rapids, 60,000 acres; Salt Lake basin, Utah, 30,000 acres; Castle Peak, Utah, 70,000 acres; Price river, Utah, 30,000 acres; Cache river, Utah, 80,000 acres.

Death Plot Foiled by Fascisti
Milan.—Members of a communist organization are under arrest charged with plotting the assassination of leaders of the Fascisti. According to police, the conspirators planned to create a reign of terror and to murder the Fascisti chiefs under cover of the general excitement. The plotters had a secret organization with a cape uniform something like that worn by members of the American Ku Klux Klan.

Shingle Mill Burns
Seattle.—Fanned by a breeze, flames raging for two hours caused a loss of \$20,000 to the Lake Washington Shingle Mill company here.

Suit Starts Sugar Slump
New York.—Following announcement of the government suit against the New York Coffee and Sugar Exchange, quotations of future options fell precipitately, due, it is said, to the heavy liquidation brought in by the announcement that the suit had been filed.

CLUB ENJOYS LECTURE TREAT

Nearly all the members of Pundita Circle were present at the meeting at "Wenedmar" the attractive new home of the president, Mrs. Wendell Thomas. The spacious sunny rooms were enhanced by baskets of beautiful pink roses, effectively placed.

The program subjects "The Mound Builders" and "The Cliff Dwellers" were made intensely interesting by being combined in a lecture delivered by Mr. Mark A. Thomas, of Oakland, who with his wife, had motored down for that special purpose. He has done research work along the lines of archaeology and antiquities, and spoke as one versed with authority. After a very comprehensive survey of the lives those ancient peoples must have lived as recorded by the many relics they left, Mr. Thomas gave his own views on the subject of the probable relationship between the builders of mounds and the dwellers of the cliffs. He graciously answered many questions regarding the present condition of the mounds and brought out the fact that a utilitarian rather than a historic value is placed upon them by the people of the states where they are located.

The hostess, assisted by Mrs. E. O. LaMontagne and Mrs. L. J. Carboni, served an original dish labeled "Cliff Dwellers hash" which was followed by "mounds" of chocolate cakes, and "streams" of coffee—all very delicious.

The annual Guest Day, May 2, at the home of Mrs. Ralston Allison, is being pleasantly anticipated.

RUBY REYNOLDS LYMAN AT REST

Mrs. Francis Lyman, nee Ruby Reynolds, whose serious illness has been noted in these columns, passed away at the County Hospital Wednesday morning.

Mrs. Lyman was packing her goods at Watsonville preparatory to moving to Los Angeles, where her husband had been transferred to a very desirable position, when she was taken ill and was brought to Campbell about three weeks ago.

Her condition growing rapidly worse she was taken to the hospital where everything possible was done to ascertain the seat of the trouble. Several physicians and specialists, from both San Jose and San Francisco were consulted, but her case seemed a baffling one and no hope was held out to the sorrowing husband and relatives. Death was a welcome release from excruciating suffering, as one phase of her illness was an affection of the brain, which an autopsy showed to result from a tumor.

Mrs. Lyman lived in Campbell thru her girlhood years, coming here when her mother and aunt, Miss Sadie Maxson, took charge of the Commercial Hotel in the rear of and upstairs over Miller's Store.

She attended school here until ill health prevented and later moved to Oakland with her mother. She was married and lived there until going to Watsonville.

Her husband was summoned from Los Angeles and her mother, Mrs. Stanford, from Riverbank, so that her immediate relatives were all here.

Mr. and Mrs. Lyman, Sr., and their daughter were here from Oakland and attended the funeral.

The services were held yesterday at ten o'clock from the Woodrow parlors and interment made at Los Gatos cemetery.

It is indeed sad when a promising young life is removed from its earthly home, and Mrs. Lyman had been so patient and uncomplaining thruout all her suffering that it made her going doubly hard.

The Press joins in expressing sincerest sympathy to all the bereaved ones.

STUDENTS HEAR TALK ON JONH BROWN

On Friday afternoon, the 20th inst., at the request of Miss Olive Ochsner, instructor in United States history in the high school, Mr. James Fablinger, Sr., gave a short and interesting illustrated talk on "John Brown", the only native born American citizen of the United States tried convicted, and executed for treason in the entire history of this country, to the United States history and Spanish classes of the school.

The illustrations consisted of some interesting relics of the subject of the talk still in the possession of that branch of the family residing in Campbell.

They consisted of John Brown's family Bible, used by him for many years for daily reading and which contains a complete record of marriages, births, and deaths; a small paragraph Bible presented by him to his youngest daughter Ellen, (Mrs. Fablinger) in 1859; a silk muffler, given by Oliver Brown, youngest son of John Brown, to his sister, Ellen, on his departure from their home at North Elba, New York, with his father to Harper's Ferry, never to return; some tanner's tools, (John Brown was a tanner by trade), used by him one hundred years ago; the original letter of John Brown written while in Charleston jail, October 31, 1859, to his family informing them that he was sentenced that day to be executed December 2, 1859; also a facsimile, in bronze, of a gold medal in memory of John Brown and his associates killed at Harper's Ferry, the gold medal was the gift from a large association of French Republicans, headed by Victor Hugo, to Mrs. Brown in 1874, and is now in the custody of the Kansas State Historical Society. At the same time a bronze copy of it was presented to each one of the eight surviving children and one copy to William Lloyd Garrison.

This is the third time that Mr. Fablinger has, at the invitation of the United States history teacher, given this illustrated talk to classes in which he also used a number of photographs of persons and places connected with the life of this noted martyr to his zeal for the abolition of African negro slavery.

HI BOYS LOSE

The C. U. H. S. boys base ball team played the first I. A. U. game Wednesday with Los Gatos and lost 4 to 3. Too bad, but better luck next time. The players line up was: Priestly, p; Feathers and B. Reed, c; Townsend, 1st b; Bonnacorso, 2nd b; Nishida, 3d b; H. Shelley, s. s.; Hulsman and Murphy, lf; Sawyer, cf; P. Shelley, rf.

Sawyer made a pretty throw center field to home plate, and Bonnacorso made a fine double play.

WORLD PEACE

Edward Berwick, of Pacific Grove, who is conducting a speaking and writing campaign in the interests of World Peace, spoke to the High School students Monday morning. His articles are being published in many of the largest city papers.

One of these is entitled "Poison Gas and Wise Women." It recounts the wonderful advances in discovery of poison gases and war planes.

He states that there is talk of pious resolutions out-lawing the use of poison gas in war—but here the "wise women" come in!

The National League of Women Voters in Baltimore Convention asserted "its conviction that the aim of all international peace efforts should be to OUTLAW WAR ITSELF and to ABOLISH IT as a legalized institution, instead of to regulate it, and that to this end a code of international laws be created by which the waging of war be made a crime, etc."

We have abolished the duello between individuals as impossible, why not all join the wise women and OUTLAW WAR, which has now become simply scientific massacre of unarmed peoples?

SAD NEWS RECEIVED

We are in receipt of a clipping containing the announcement of the sudden death on April 12, at Coolville, Ohio, of Mrs. Eleanor B. Dunlavy. Mrs. Dunlavy was the mother of Mrs. G. C. Bradford and spent several seasons here with her daughter when they were living in Campbell.

According to the report, Mrs. Dunlavy was a woman of varied talents, having successfully conducted a general store in Marietta, Ohio, for a number of years.

She was also a writer and painter. We quote The Messenger as follows, "During the leisure hours of her life, even tho they were few, Mrs. Dunlavy occupied them with her painting and literary work and she leaves as a monument of her life some wonderful pieces of art. She was a contributor in her younger years to the Cincinnati and Marietta papers, as well as national magazines, and since residing in Coolville has favored The Messenger with several poems that were read and appreciated by many."

Mrs. Bradford is an only child and the sympathy of her Campbell friends is extended to her for her great loss.

Honolulu.—The territorial house of representatives adopted a resolution requesting congress to "amend the Volstead act to permit the sale of beer and wines."

Accused of relating to various people the astounding story of a husband who, with the aid of "another man," sought to prove his wife's unbecoming conduct by "framing up" on her, and then suffered a change of heart, three persons were ordered held for trial in the superior court of Los Angeles on a charge of criminal libel. The "love triangle" story concerned Need Gillis 45; his wife, Elsie Gillis, 20, and two boarders, Charles Dehring, 24, and Claude Groves, 22.

To Fight Labor Domination

Los Angeles.—Conspicuous for many years as the leading open-shop city of the United States, Los Angeles is preparing for a fight that is expected to be precipitated by a strike of the building trades union next fall. Because of its position as the conspicuously unorganized city of the United States, Los Angeles has been chosen as the objective for a big demonstration by the American Federation of Labor to prove the strength of unionism. Samuel Gompers, has announced that he will come here to direct personally the movement to remove Los Angeles from the leadership of open-shop cities.

Strike Cost \$9,000,000

ANNOUNCEMENT

OF INTEREST TO

Millions of Families

"I will build a car for the multitude,"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

FORD WEEKLY PAYMENT PLAN

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen year over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

CANNED GRAPE FRUIT

EVERY PROGRESSIVE HOUSEWIFE likes to keep up with all the important new ideas in foods, and so every progressive grocer tries to keep his patrons well informed. To that end he watches for developments that promise permanent value. In the silt of new products that constantly flood the market, he seeks the bits of gold. Of the very latest of the new, canned grapefruit shines out brightly.

B. C. Forbes, financial expert of national reputation, writing in the Examiner of April 18 on fruit growing in Florida and in California, said: "By the way, have you tasted canned grapefruit? This new industry has sprung into favor and promises to expand enormously. You'll find canned grapefruit good."

The other day a business man of San Jose dropt into "Blaine's" on his way thru Campbell. "I see that you have Pal-a-table Grapefruit," he said. "My family eats a can of it at breakfast every morning. I want to tell you that we think it's certainly fine. Wrap up four cans and I'll take them along."

Pal-a-table Grapefruit, just the pulp and juice, no skin or other waste, island variety, delicious; special price, 33c.

This is Raisin Week, try Faultless Raisin Bread. Fresh every morning, 18c.

GENERAL MERCHANDISE

MRS. JOY ILL

Thursday of last week Mrs. Amelia Joy was taken ill at her ranch home on Rincon Avenue and for a time was considered in a critical condition and her friends were greatly alarmed about her. She seemed to have suffered a stroke of paralysis but has recovered considerably.

Her daughters, Miss Lucy and Miss Alice, who are both at Coalinga, were called home and Miss Lucy, who is a nurse, is taking care of her mother. Her friends extend sincere wishes for her recovery.

ROY WEHMEYER SHOT

Roy Wehmeyer, who is in O'Connor Sanitarium, where he was taken Saturday night after having received a bullet wound thru the chest, is reported improving nicely.

The shooting followed altercations at a dance which the young man was attending in King City. Constable John Leonard was responsible for the shooting and as yet causes and attendant circumstances are rather misty, but the many friends of the family will trust to see the matter satisfactorily adjusted.

Jas. S. Fay received word Friday of the death of his cousin, Dr. J. T. Cole, at Oelwein, Ia.

Mrs. Ellen R. Smith spent the week-end in San Francisco with her sons, Stewart and Stanley.

Mr. and Mrs. I. Zion went to Oakland Friday where they enjoyed a few days visit with their nephews.

Mr. and Mrs. Paul Darling and son of Glendale are visiting Mrs. Darling's father, Mr. P. Arnott and other relatives in Campbell.

Changes have arisen which make it necessary for the Home and School Club to hold its regular May meeting as usual next Tuesday, May 1.

Mr. and Mrs. E. R. Kennedy are able to be out after their recent illness, and Mrs. M. J. Palmer, who was sick at the same time, is again on the convalescent list.

Mrs. W. E. Eckles was among the absentees from the Congregational church Sunday on account of sickness. We are glad to report her as considerably improved.
